Molta polèmica per les acusacions d'abusos sexuals a aquests dos coneguts artistes

Aquest cap de setmana Cole Sprouse i Justin Bieber han estat tendència a les xarxes socials després **que diversos comptes de Twitter els acusessin d'abusos sexuals.**

En concret, el cantant va ser denunciat per dos perfils diferents: un que suposadament pertanyia a una noia anomenada Danielle i l'altre a una jove anomenada Kadi. **En els missatges que van escriure, les noies asseguraven el març de 2014 i al maig de 2015 Justin Bieber les havia convidat a un hotel i les havia obligat a mantenir relacions sexuals amb elles.**

L'artista ha negat les acusacions i ha afirmat que durant aquelles dates estava allotjat en un Airbnb amb Selena Gomez, la seva exparella. **A més a més, també ha apuntat que emprendre accions legals contra les noies per haver fet afirmacions falses sobre ell.**

I don't normally address things as I have dealt with random accusations my entire career but after talking with my wife and team I have decided to speak up on an issue tonight.

As her story told I did surprise a crowd in Austin at Sxsw where I appeared on stage with my then assistant side stage and sang a few songs. What this person did not know was that I attended that show with my then gf Selena Gomez

These photos clearly show me on stage with my assistant sidestage and the other with both of us in the streets of Austin afterwards on March 9 2014 pic.twitter.com/WIC6KAvJOZ

Furthermore I stayed with Selena and our friends at an airbnb on the 9th and on the 10th stayed at a Westin because our hotel reservation at LA Quinta and not the four seasons was messed up. Here are the receipts for the hotel on the 10th pic.twitter.com/hLNHnvJ6XS

Every claim of sexual abuse should be taken very seriously and this is why my response was needed. However this story is factually impossible and that is why I will be working with twitter and authorities to take legal action.

Pel que fa Cole Sprouse, l'actor també va ser atacat a través d'un perfil de Twitter on se l'acusava d'haver abusat sexualment d'una noia el 2013, després d'una festa a la Universitat de Nova York. **El protagonista de Riverdale ha negat els fets i ha assenyalat que s'està duent a terme una campanya contra ell i altres actors i actrius de la sèrie.**

I és que, Cole Sprouse no és l'únic artista de la producció que ha estat acusat a través de Twitter. "Sempre m'he pres molt seriosament les acusacions d'agressió sexual, però s'ha demostrat que aquest compte ha estat creat específicament per elaborar històries falses sobre mi i els meus companys i companyes", ha escrit l'actor. Què en penseu?

Earlier today myself and three other cast mates were falsely accused of sexual offense by anonymous accounts on twitter. I take these accusations very seriously, and will be working with the right teams to get to the root of it. (1)

False accusations do tremendous damage to victims of actual assault. Furthermore, I would never seek to silence anybody. I encourage that people look into the accusations themselves, as the events detailed were factually untrue. 2

This seems to be the latest claim in a series of incidents seeking to baselessly cancel my cast mates and me.
